What's New in Version 2.0

SMART Windows Server Migrator 2.0 has been completely redesigned to be powerful, flexible and easy to use for any size environment. The centralized management UI allows you to manage your Windows migration from a single, user friendly UI. The highly customizable settings allow you to slice, dice and transform you data to meet your specific needs, making an ideal solution for moving off antiquated hardware, migrating of older operating systems, moving to a cloud solution, or M & A scenarios.

Release Notes 2.0

The following features are included in this release (tracking numbers are in parenthesis):

- Ability to copy local users and groups from source to target server (271)

- Ability to promote local users and groups to the target Active Directory (271)

- Ability to migrate shared folder permissions (284)

- Configurable blackout periods during which migration job will not run (285)

- Cyclic Redundancy Check (CRC) validation (283)

- Optional content analysis that allows you to analyze any migration job before writing any data to the target environment (289)

- New Dashboard tab allows you to see migration results and summary at a glance (290)

- Ability to import a SID mapping table to map source and target SID's (401)

- Flexible filters allow you exclude files and folders based on name, modified date or (file) size (278)

About Binary Tree

Binary Tree is a singularly focused global provider of migration software and solutions for Lotus Notes, Microsoft Exchange, Active Directory, and Windows Server environments. Since 1993, Binary Tree has enabled more than 6,000 customers to migrate more than 35 million email users, and facilitated some of the most complex migrations on the planet. Its software solutions are available for migrating from Exchange 2003/2007/2010/2013 and Lotus Notes to on-premises and online versions of Microsoft Exchange, as well as migrations of Active Directory and Windows Server environments. Binary Tree is a Microsoft Gold Messaging Partner, an IBM Advanced Business Partner, and is one of Microsoft's preferred vendors for migrating to Microsoft Office 365. The Company is headquartered outside of New York City with offices in Hong Kong, London, Paris, Stockholm and Sydney. For more information, visit us at www.binarytree.com.
