# BINARY TREE™
Powering Enterprise Transformations™

## QUICK STARTS
POWERED BY BINARY TREE

# Get a head start on Notes and Exchange migrations

Get a head start on your transformation using Quick Starts from Binary Tree. Quick Start services get you up and running with Binary Tree software, including Notes migrations with Notes Migrator | CMT and Exchange migrations with Exchange Pro. Quick Starts give your teams the tools and skills they need to tackle your migration with ease.

Over 2-3 days, our migration experts can help you set up, configure, and test your migration environment. Along the way, they also share industry-proven guidance that's based on decades of experience. By the end of the Quick Start, your team will be ready for the migration, armed with best practices to solve even complex challenges. And you'll be well on your way to a successful migration that doesn't disrupt your organization.

## Notes Quick Start

The three-day Notes Quick Start will help get your Domino-to-Exchange migration environment up and running quickly with Binary Tree's Notes Migrator | CMT software.

After this Quick Start, you can efficiently migrate from a legacy Domino environment to a new on-premises, online, or hybrid Exchange platform.

## Exchange Quick Start

Exchange Quick Start can span 2 or 3 days, depending on the content and scope of your migration. It helps get your Exchange migration environment and team up and running quickly with Binary Tree's Exchange Pro software.

After this Quick Start, you'll be ready for a migration that involves inter-org Exchange, Exchange with Public Folders, or Exchange to Office 365.
